FAQ

WHY DO I HAVE TO FILL OUT A THANK YOU FORM?

We all like to feel appreciated, which is why thank-you letters are so essential. Your gratitude may inspire donors to continue funding their awards for years to come! Donors can also provide invaluable insight and advice, and we encourage you to strengthen your connection to them.

I'M A NEW STUDENT AND I DON'T HAVE A NETID. WHAT SHOULD I DO?

Access to your NetID is included with your enrollment packet. If you need help with this, please visit netid.rutgers.edu for assistance. Once you have access, you can come back to the website and submit the thank you form.

I ALREADY SENT A LETTER LAST YEAR!

If your award is renewed, update the donor each year on your progress. Let them know how their ongoing support has helped you accomplish your goals. Send another letter after graduation to let them know what you'll be doing.

HOW DO I KNOW MY SUBMISSION WENT THROUGH?

When you submit your form, you will see a confirmation page. You can also send yourself a copy of your responses from this page.

A Note of Thanks

I want to express my sincere gratitude for being selected as a recipient of this award. Thank you to the donor who made this possible and for supporting college students in improving our lives so we can pursue our career goals. I am grateful to be recognized for my academic work both in and out of classes and your support is tremendous. I will continue to work hard and complete work that is representative of Rutgers University. Once again, thank you for your generosity.

How This Scholarship Complements My Education

This financial support affects me greatly by giving me the resources and aid necessary to continue studying without worry. This has a tremendous impact on making sure I do not have to take any student loan debt which would take a great toll on my mind, ultimately, my ability to concentrate on my studies. This also allows me to reduce my work hours so that I can focus on other extracurricular activities like case competitions and networking events.

My Future Plans

I plan to work in a small real estate private equity or local development shop specifically on the acquisitions or asset management side. This is my intended career path as I am passionate about real estate. I plan to work and build up my skills and network before deciding if I would like to work my way up to an executive position within a company or start my own firm. The plan is to be able to become a real estate investor, owning different properties as well.
